The News section allows you to display recent news articles horizontally within the section. You can configure how many news items to display (typically 4) and the most recent items will display.

If this panel is not set to show on your website yet, then make sure you click the **button to SHOW this widget** on your website and **adjust the order** of where you would like this to sit on your website home page.

Select what **background type** you would like this banner to display as:

- colour
- image
