

How do I add questions to an existing registration form?

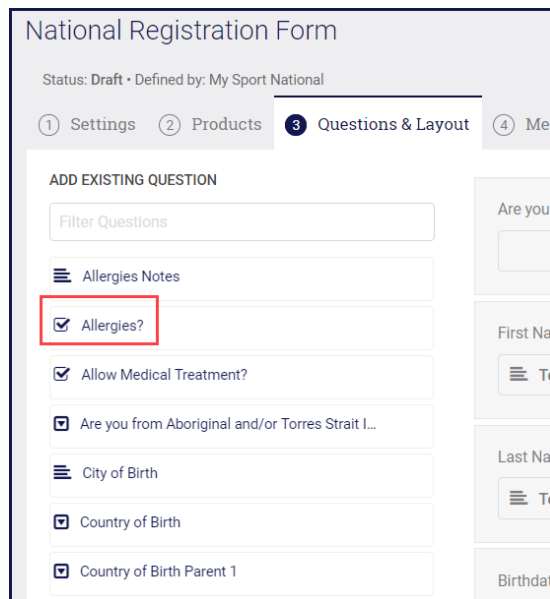

Last Modified on 07/10/2019 12:09 pm AEDT

Open the Registration form.

Select **Questions and Layout**.

Select your question from the list under **Add Existing Question** header.

NOTE: if you don't see your question in the list, you can search for it. Enter a word into the Filter Questions box at the top.

The selected question is added to the form and is displayed below the list of already existing questions.
