

How do I make my registration form available to other organisations?

Last Modified on 07/10/2019 12:16 pm AEDT

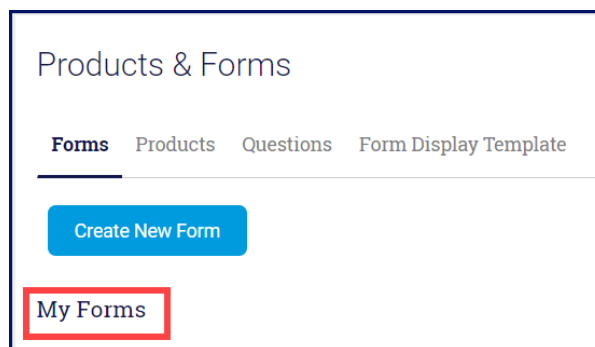

Once you have created a registration form you can allow other organisations to use the form.

Select Products & Forms.

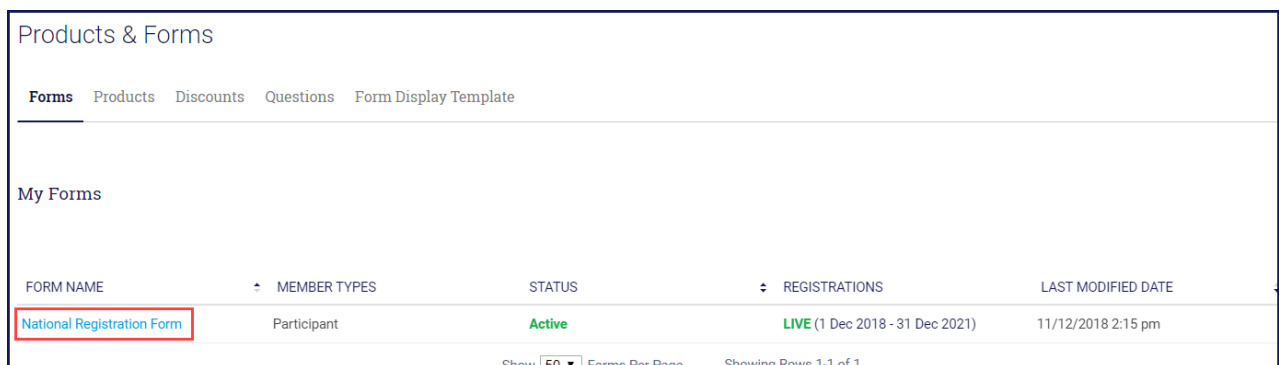

NOTE: this is also available under the Memberships menu.

My Forms is the list of your Registration Forms.

Click on the name of the form you want to share. This opens the form.

Scroll down on the **Settings** tab to the **Make this form available to** box. Click **Make available**

to button.
