## Release Notes: 8 November 2018

Last Modified on 30/01/2019 3:53 pm AEDT

### In this release we:

- Introduced Bundle Discounts, giving admins the ability to cater for a number of discount scenarios including family memberships [View Support Documents - [How do I create discounts?](#), [How do to I change a discount?](#), [How do I deactivate a discount?](#)]
  - *NOTE: this feature is off by default, to turn it on the org must be enabled with the 'Bundle Discounts - Manage' permission*
- Introduced the new GDP login
- Minor updates and defect fixes for managing bank accounts, registration emails, rego forms (both ends) and vouchers

### Resolved Issues:

- You can now create different default bank accounts for different currencies.
- Registration emails were not received for other organisation's Products when using shared form.
- Processing fee was displayed as the original amount in emails after a discount/voucher was applied.
- Only show voucher field for Membership products when members are registering as a participant
- The Product Summary and Cart on a registration form now shows amounts with 2 decimal places.
