

## Changing your Auction Main Banner

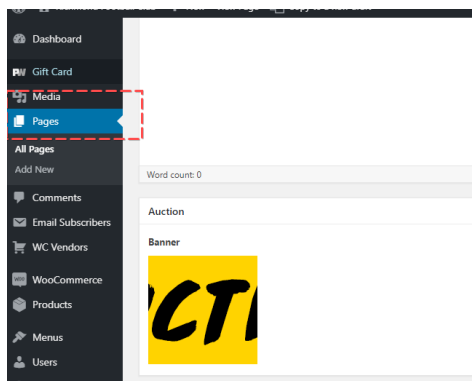

Last Modified on 17/05/2019 4:09 pm AEST

How to change the main banner on your auction website

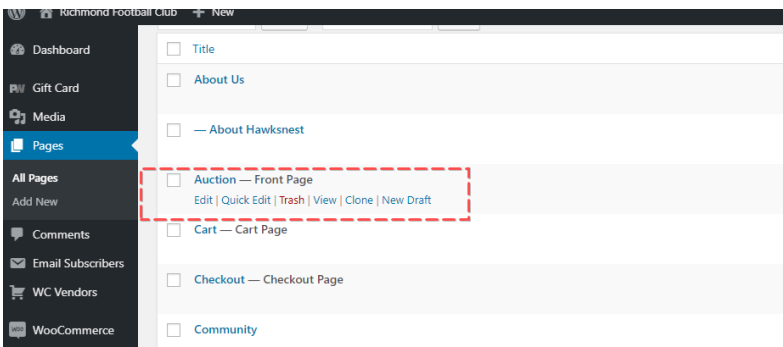

Step 1:

Log into the dashboard and click PAGES

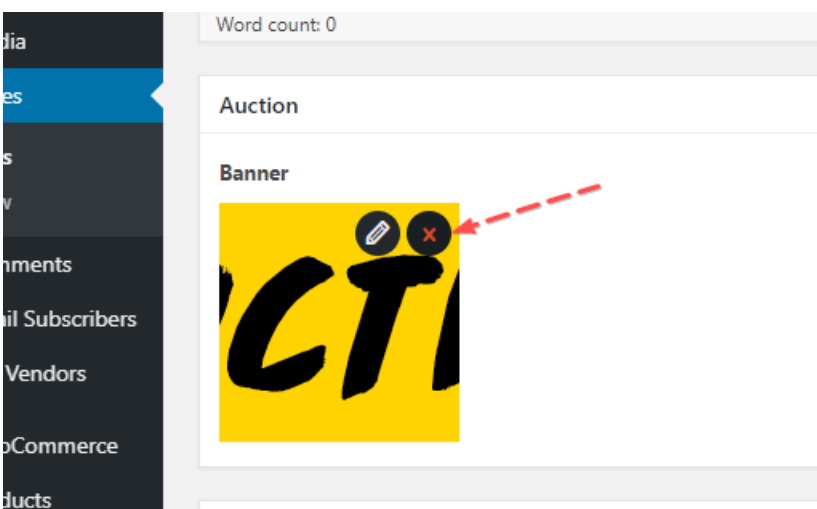

Step 2:

Click the "AUCTION - Front page"

### Step 3:

Scroll down until you reach the "Banner" section and click the remove image icon

### Step 4:

Click the add new image icon and upload an image from your computer or pick an image from your media library

NOTE: The recommended width is 1140, the height can be as large as you want but we recommend not going beyond 500 pixels as it will take up too much space.
