

Setting Up PayPal as a payment method

Last Modified on 16/03/2022 8:32 pm AEDT

To set up a personal or business account, please visit follow these steps - <https://www.paypal.com/au/brc/article/get-started-with-paypal-business-account>

You can set your account here: <https://www.paypal.com/au/webapps/mpp/account-selection>

Once you have set up your personal or business PayPal account, Please create follow this userguide to grant access for third party developers to integrate with you PayPal Account - <https://developer.paypal.com/docs/classic/admin/third-party/>

Then, share with GameDay your PayPal API credentials and we will then enter these details in your Shop Back end for you

The screenshot shows the WooCommerce admin dashboard for 'Illawarra Hawks Team Store'. The left sidebar contains navigation menus for 'My Sites', 'Dashboard', 'Stream', 'News', 'Gift Card', 'Media', 'Page Panels', 'Forms', 'Pages', 'Comments', 'WooCommerce', 'Orders', 'Coupons', 'PW Gift Cards', 'Reports', 'Settings', 'Status', 'Extensions', 'Products', and 'BeRocket'. The main content area is titled 'PayPal Checkout' and includes the following settings:

- Enable/Disable:** A checkbox labeled 'Enable PayPal Checkout' is checked.
- Title:** A text input field containing 'PayPal'.
- Description:** A text input field containing 'Pay via PayPal; you can pay with your credit card if you don't h'.
- Account Settings:**
 - Environment:** A dropdown menu set to 'Live'.
- API Credentials:** A section with a blue button labeled 'Setup or link an existing PayPal account' and a link that says 'or click here to toggle manual API credential input.' This section is highlighted with a red dashed box.
- PayPal-hosted Checkout Settings:** A section with the instruction 'Customize the appearance of PayPal Checkout on the PayPal side.' containing:
 - Brand Name:** A text input field containing 'Illawarra Hawks Team Store'.
 - Logo Image (190x60):** A button labeled 'Add image'.
 - Header Image (750x90):** A button labeled 'Add image'.
