How do I log into another organisation in my hierarchy?

08/04/2025 3:02 pm AEST

Overview

If you are using GameDay as part of a multi-tiered hierarchy, you can login to the database of any other organisation linked below you within your hierarchy.

Administrators cannot login to organisations that are above, or next to their organisation through their GameDay login. For example, a State-level administrator can login to any clubs or centres within their branch of the hierarchy, however they cannot access other State-level databases, nor can they access other clubs or centres that belong to other state branches.

There are multiple methods of logging in to an organisation below yours in the hierarchy; using the 'Login To' feature in your account menu, and using the 'My Hierarchy' option in the My Organisation menu.

Step-by-Step | Login To

Step 1: Open the Login To option

From your GameDay database, open the Account Menu in the top-right corner, then click LOGIN TO
