

Help Widget

Last Modified on 03/10/2024 4:36 pm AEST

GameDay includes an always-on **Help Widget** which includes:

- Step-by-step help articles covering specific processes, feature overviews, and frequently asked questions
- The ability to submit a support ticket to our customer support team should you need to speak to one of our team of experts

To access the Help Widget, click the **?** icon in the top toolbar

By clicking this widget, you will see a panel pop up on the right-hand side of your screen.

In the **HELP** tab, you can search for a particular article and access the help guide without leaving the platform:

Global Create

Last Modified on 30/10/2023 2:43 pm AEDT

All GameDay administrators have access to the **Global Create** feature, allowing quick and easy creation of particular assets.

To access the Global Create option:

1. Click the **CREATE** button in the top toolbar

2. Choose what you would like to create. Using this option, you can
