

## How do I see a list of pending members?

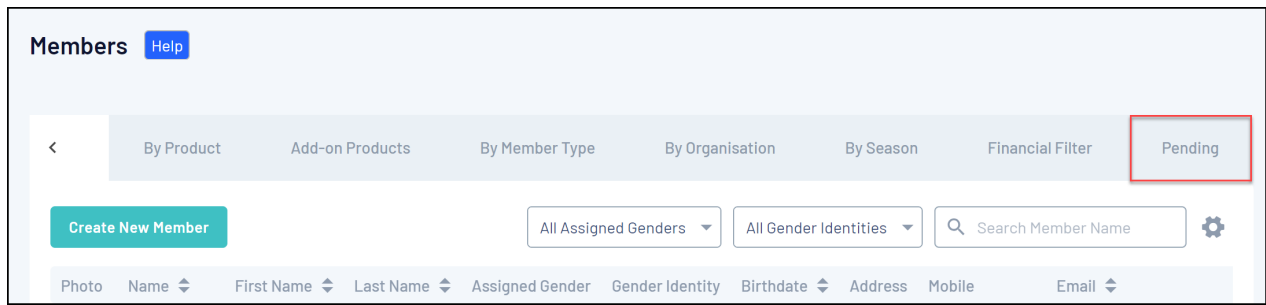

Last Modified on 25/01/2024 9:02 am AEDT

If you are utilising the Pending Membership feature within GameDay, you can find a list of Pending members at any time by following the steps below:

1. In the left-hand menu, click **Members > MEMBERS**

2. Click the **PENDING** tab

This will display the list of members who have registered and have a pending status based on the member types they selected upon registration. You can also approve or decline these members directly from this list.

The screenshot shows the 'Members' page with the 'Pending' filter selected. The page includes 'Approve' and 'Decline' buttons, dropdown menus for 'Select Organisation' and 'Select MemberType', and search and settings options. The main content is a table of pending members.
