

Membership Dashboard Report

Last Modified on 01/03/2024 11:31 am AEDT

The **Membership Dashboard** report displays information related to your members, their demographic breakdown and the transactional revenue processed through your GameDay database.

To access your **Membership Dashboard**:

1. Navigate to **REPORTS**

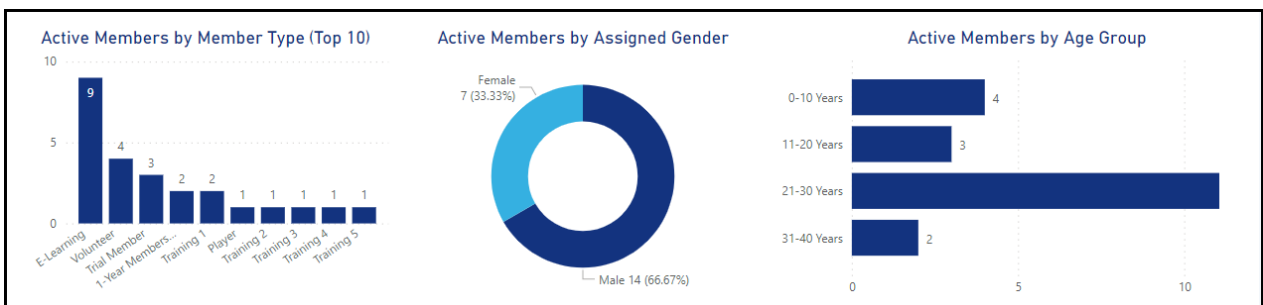

2. On the **Reports Dashboard** tab, find the **Membership Dashboard** and click **VIEW REPORT**

Reports [?]

Tabular Reports Report Dashboards

Report Name	Action(s)
Financial Transactions Dashboard	View Report
Settlement Summary Dashboard	View Report
Question Data Dashboard	View Report
Membership Dashboard	View Report

The **Membership Dashboard** shows three insights related to your active members; *Active Members by Member Type*, *Active Members by Assigned Gender*, and *Active Members by Age Group*.

The Membership **Dashboard** also shows how many products have been purchased by members, how many orders have been paid for, the transactional value your organisation has made so far in the financial year as well as the total number of active members you currently have within your organisation.

Current Year Products Sold	Current Year Paid Orders	Current Year Transaction Amount	Total Active Members
22	25	\$250.00	21

Note: All values are calculated based on your organisation's **Financial Year Start** setting. This can be found in *My Organisation > Organisation Details > Financial Year Start*.

E.g. If your Financial Year Start is set to August, Membership Dashboard values will include data from 1 August to 31 July of the following year.
