# How do I find a member's assigned ID?

31/07/2025 1:18 pm AEST

## Overview

GameDay allows administrators to assign unique Member IDs to individuals. These IDs are useful for tracking, reporting, and integration with other systems. If your organisation uses a Member ID allocation rule, you can easily locate this ID within any individual member's record.

**Note:** One or more Member ID fields (e.g., National ID, State ID) may be visible within the member's record if other organisations in the hierarchy have also assigned their own Member IDs.

### Step-by-Step

#### Step 1: Navigate to the Members list

In the left-hand menu, click Members > MANAGE MEMBERS

#### Step 2: Select the member

From the Profile List, find the member whose ID you need to find, then click the **VIEW** button on the right-hand side
