31/07/2025 1:08 pm AEST

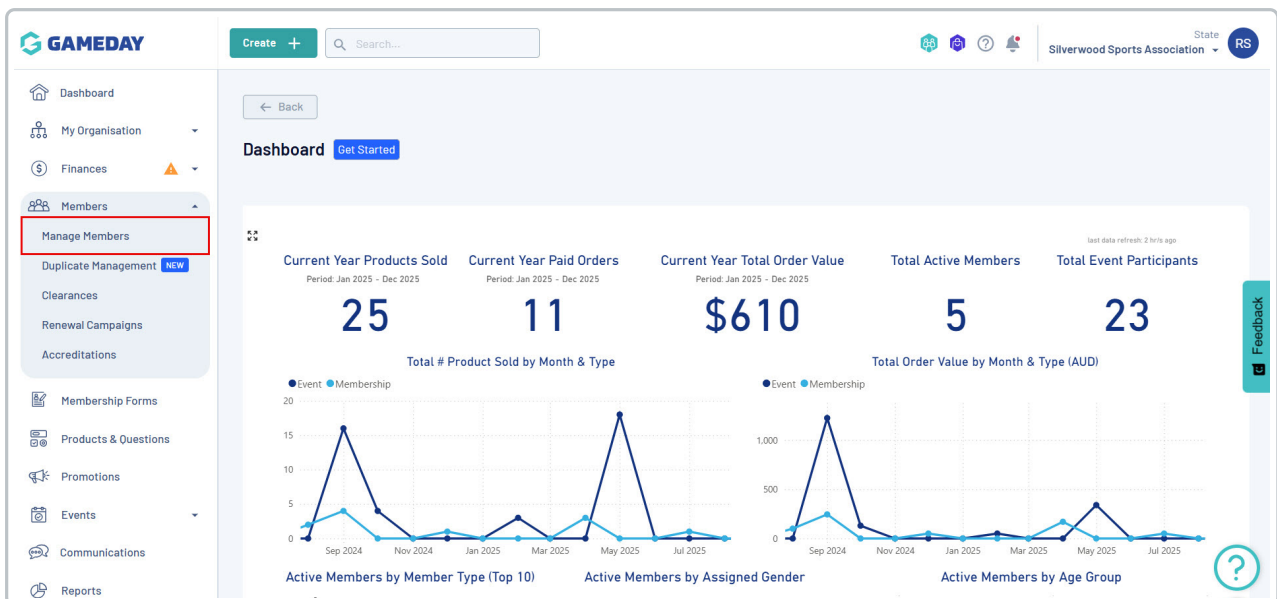

Overview

If your organisation has changed the active ID rule used to assign Member IDs, any previous IDs that a member has had will be stored in the member's history within their profile in GameDay. This allows you to view a complete history of all IDs assigned to a member over time.

Step-by-Step

Step 1: Navigate to the Members screen

In the left-hand menu, click **Members > MANAGE MEMBERS**

Step 2: View the relevant member record

From the Profile List, find the relevant member, then click **VIEW** to open their record
