NOTE: This add on has to be enabled for your organisation. To check if this is available for your website, check [Your Website Features / GameDay Dashboard](#).

If you want to add extra partners that display separate from your [major partners panel](#), then you can do this within the **ADDITIONAL PARTNERS** section. This panel displays as an automated scroll.

1. Under the **SECTIONS** header click on the **ADDITIONAL PARTNERS** tab.

Sections

[help](#)

These sections will be used to build your home page. They can also be added to sub pages on your website.

2. If this panel is not set to show on your website yet, then make sure you **click the button to SHOW** this widget on your website and **adjust the order** of where you would like this to sit within your website.

3. You can also add a **specific background colour** for this panel or even an image.

The screenshot shows the configuration interface for the 'Additional Partners' section. It includes an overview, a 'Show Panel' toggle, a 'Panel Order' input field (set to 10), a 'Background Colour' selector, and a 'Background Image' selector. Below these are fields for 'Partner Section' and 'Partner Heading'.

Here you have the ability to keep all partners in the one big section or separate these out into their own sections.

4. Click **ADD PARTNER SECTION**.

5. Input a heading for this partner section.

6. Click ADD PARTNER.

7. Input the logo and website link for the partner.
