

Match Centre

Last Modified on 15/11/2022 11:31 am AEDT

NOTE: this page panel can only be used if your organisation currently uses our Passport competition management system.

If you wish to get more information around the competition management please email our sales team.

If you use another competition management platform (e.g PlayHQ) you will just need to create a page that links to your competition management website. We do not have an integration with other competition management platforms to integrate into our websites.

NOTE: This add on has to be enabled for your organisation. To check if this is available for your website, [check your GameDay Dashboard](#).

The match centre page panels allows your organisation to link the fixtures for all your competitions from your Passport website into a streamlined widget that displays on your homepage.

Depending on the website package you have you may only be able to configure the fixtures/results section of this widget as the stats section is for those clients who have purchased a higher package.

1. Under the **SECTIONS** header click on the **MATCH CENTRE** tab.

Sections

[help](#)

These sections will be used to build your home page. They can also be added to sub pages on your website.

2. If this panel is not set to show on your website yet, then make sure you click the button to **SHOW this widget** on your website and **adjust the order** of where you would like this to sit within your website.

3. You can also add a specific background colour for this panel or even an image.

4. Click ADD COMPETITION.

You have two ways you can set this match centre up:

- Have one tab that links to all your competitions via a drop down list.
- Have multiple tabs that link to specific fixtures for specific competitions.

ONE MAIN TAB

NOTE: If you have more than 6 competitions running at the one time we recommend you use this set up, as any more than 6 can make the website speed slower and not display as streamlined.

1. Input the name for the tab within COMPETITION NAME.

As all your comps will be in this main tab you can call it your association name or something else (e.g fixtures and results).

To get the relevant IDs needed for this match centre, [click here](#).

2. Input the COMPETITION ID into the SPORTSTG COMPETITION ID section.

Although you are putting only one competition ID in here, it will display the other competitions via a drop down list within the widget itself.

3. Input the SEASON ID into the SPORTSTG COMPETITION SEASON ID section.

| Competition | |
|--------------------------------|----------------------|
| Competition Name | Fixtures and Results |
| SportsTG Competition ID | 0-12060-0-591540-0 |
| SportsTG Competition Season ID | 6019693 |

4. The SPORTSTG COMPETITION LADDER COLUMNS are defaulted, however you can choose what columns display if you wish.

5. The SPORTSTG SEASON is also defaulted, as most associations use normal seasons, however change this if you are running pool comps or finals.

6. Add stats into the STATE CENTRE if needed.

Stat information can be [accessed here](#).

How to set up the stat centre can be [accessed here](#).

SportsTG Competition Ladder Columns: 1,2,3,4,5

SportsTG Season: Normal Season Pool 1 Pool 2 Finals

Stat Centre: Add Stat

7. Once done, click UPDATE at the top of the webpage.

HOW THIS DISPLAYS ON WEBSITE

The match centre will display the competition you added to the widget, however rest of the competitions can be accessed via clicking on the drop down list in the right hand corner.
