

Event Landing Page | Overview

Last Modified on 18/10/2023 11:15 am AEDT

GameDay's **Event Landing Pages** allow Event Managers to provide entrants with a public space to surface event details, registration forms, fees and more.

Accessing Your Landing Page

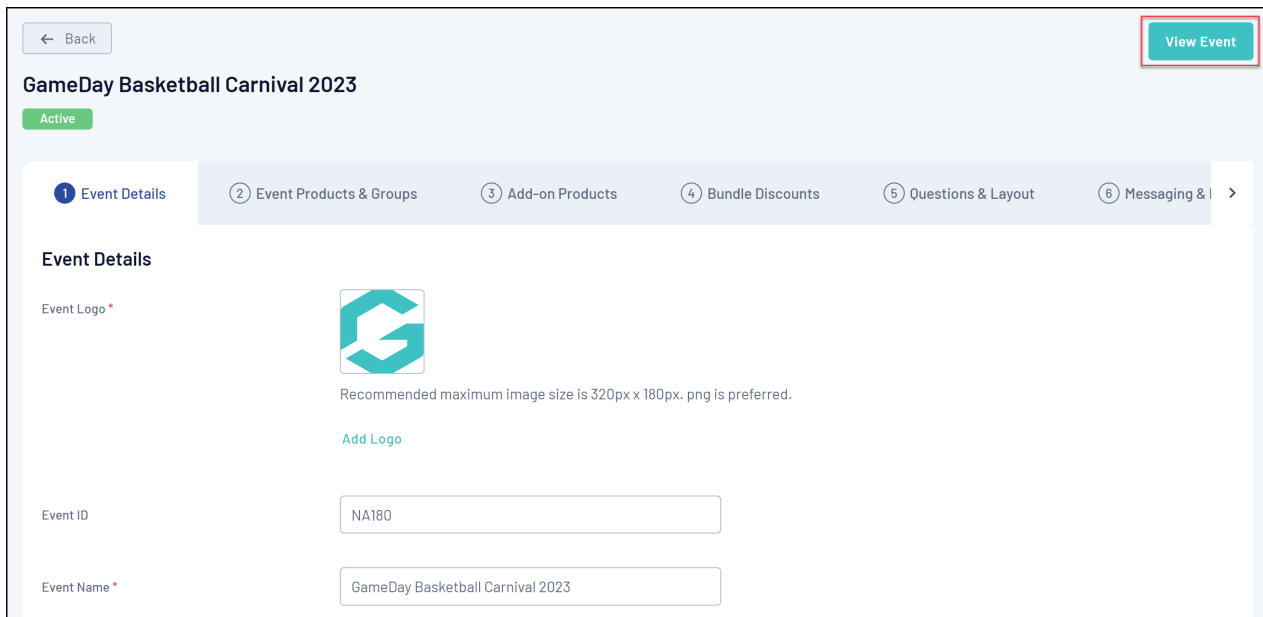

There are multiple ways to access your Event Landing Page from your GameDay database.

1. In the left-hand menu, click **Events** > **Manage Events** > Click the **Actions** Arrow for an event > Click **OPEN EVENT URL**

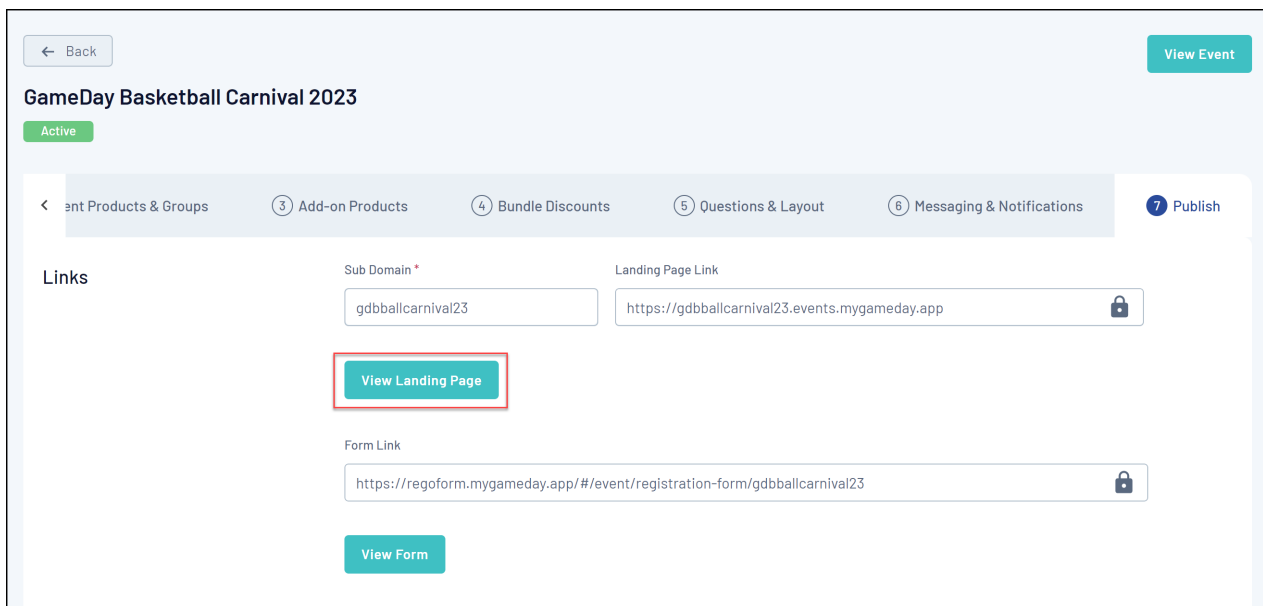

The screenshot shows the 'Events' management interface. At the top, there are tabs for 'Events', 'Event Templates', 'Event Participant ID Management', 'Event Display Template', and 'ECAL Widgets'. Below the tabs are buttons for 'Create New Event' and 'Create New Event from Template', along with filters for 'All Event Types', 'All Categories', and 'Active'. A search bar is also present. The main content is a table of events with columns for Event Name, Event Type, Event Category, Event Date(s), Venue, # Products, Event Status, and Registrations. A context menu is open over the first event, 'GameDay Basketball Carnival 2023', with the 'Open Event URL' option highlighted in red.

Event Name	Event Type	Event Category	Event Date(s)	Venue	# Products	Event Status	Registrations
GameDay Basketball Carnival 2023	Event Entry	Sport	1 Apr 2023 12:00 am (AEDT) - 31 May 2023 12:00 am (AEST)	John Cain Arena	0	Active	Live (1A) 12:00 am (AEDT): 2023 12:00 am (A)
ticketing event/27 april	Ticketing	Social	7 April 2023 (AEST) - 30 May 2025 (AEST)		0	Active	Live (7A) 12:00 am (AEST): 2023 12:00 am (A)

2. In the left-hand menu, click **Events** > **Manage Events** > **Edit** an event > Click **VIEW EVENT**

3. In the left-hand menu, click **Events > Manage Events > Edit** an event >Go to the **Publish** tab > Click **VIEW LANDING PAGE**

Publishing and Preparing Your Landing Page

Once you have [set up your event](#), you will be able to generate a Landing Page through the **Publish** tab of your event.

If you want to customise the look and feel of your Landing Page, you can do so using the Event Display Template - click [here](#) for more information on configuring your **Event Display Template**.

Landing Page Features

Your **Landing Page** includes a number of features including:

1

View All Products

1. Navigation Menu

- **About:** Shows the Event Description on the central panel.
- **Products:** Shows all available Products for this event on the central panel.
- **Participants:** Shows all registered participants within the event.

2. Event Date(s)

3. Registration Links: Link to register a participant for the event.

4. Event Details

Note: **Event Details** feed automatically onto the landing page from the details entered for the event in GameDay, which can be found by editing an event and scrolling down to the **Event Content** section.

5. Central Panel: Surfaces relevant event information based on the selection made in the Navigation Menu.

6. Event Products: Displays the products available in the event.

7. Register for Product: Links to register for the event and auto-select a specific product.

8. View All Products: Shows all available Products for this event on the central panel.

9. Our Sponsors: Displays any images you have added to your Sponsors section.

10. Event Location: Displays a map of your event address.

Note: The Event Location map is generated from the **Event Address** field within your event setup in GameDay, which can be found by editing an event and scrolling down to the **Event Content** section.

11. Organisation Details: Displays your organisation's website address, contact email and contact phone number.

Note: Organisation Details appear on your Landing Page automatically based on the information provided in your **Organisation Details** section in GameDay, which can be found through **My Organisation > Organisation Details**.

For more information on processes relevant to **Events**, please refer to the **Related Articles** section of this article.
