

How do I check my organisation's processing fees?

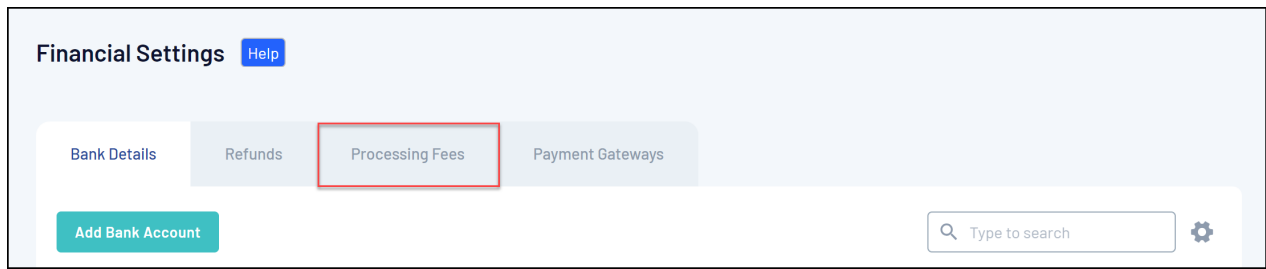

Last Modified on 20/09/2024 9:06 am AEST

As a GameDay administrator, you can check the processing fees that your organisation pays for online transactions through GameDay's registration features at any time by following the steps below:

1. In the left-hand menu, click **Finances > FINANCIAL SETTINGS**

2. Click the **PROCESSING FEES** tab

The processing fee is the platform service fee GameDay charges to each organisation through the integrated payment gateway. The fee covers payment gateway, credit card, tax and service fees associated with processing payments online.
