

How do I send a Membership Payment Campaign?

Last Modified on 02/01/2024 2:04 pm AEDT

Membership Payment Campaigns allow administrators to send an invoice email to members who need to renew their membership, which includes a link that directs users straight to a payment link without requiring them to complete another registration form each season.

Using the data from the organisation's GameDay database, the Membership Payment Campaigns feature allows administrators to target specific members based on their previously purchased products.

To create a Membership Payment Campaign:

1. In the left-hand menu, open the **Members** section and click **RENEWAL CAMPAIGNS**

2. Toggle over to the **Membership Payment Campaigns** tab, then click the **CREATE MEMBERSHIP RENEWAL CAMPAIGN** button

- 3. In the **Details** tab, enter the following information:
 - Campaign Name: The name of the campaign in your GameDay database
 - Payment Type:
 - Automatic reminders are sent based on the expiry date of the selected product(s). Product Expiry Dates can be found by editing a product and finding the Product End Date field.

• Manual

- Due Date Rule: Determines how long the member has to pay the invoice
- Select Product(s): Select any previously purchased products that you want to use to form the basis of your recipient list. Any members who have previously purchased these products will be available to add to your campaign recipients
