## How do I manually add new registration form questions to a member record?

Last Modified on 13/08/2024 3:10 pm AEST

### Overview

As a GameDay administrator, you can manually apply a registration form to a member's record in order to answer custom questions from the form on their behalf.

### Step-by-Step

#### Step 1: Open your Member List

In the left-hand menu, click **Members > MEMBERS**

#### Step 2: Open the relevant member record

Find the applicable member and click **VIEW**

#### Step 3: Open the Member Activity section

Click the **MEMBER ACTIVITY** tab at the top of the member's record

#### Step 4: Add the relevant form

In the **Forms** tab, click **ADD FORM**, then select the form that you want to add to the member record

#### Step 5: Edit blank questions

To add responses manually to the questions from the form, use the **EDIT** button and update the answer as needed
