If you have completed your organisation's Stripe setup through Passport, you can go back and edit your Financial Settings - including your nominated bank account - at any stage using the mobile number you used to authenticate your Stripe account upon setup, following the steps below:

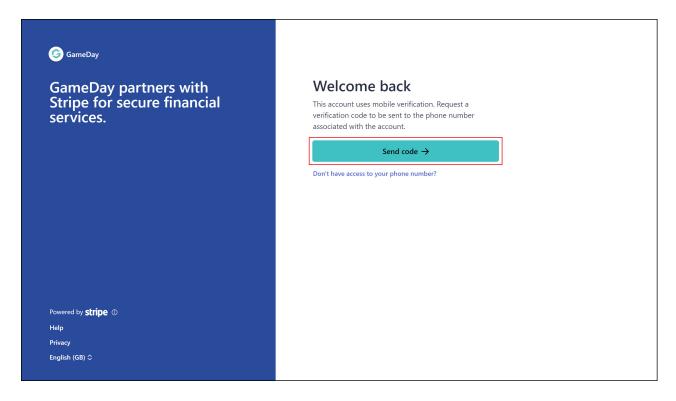

1. In the left-hand menu, click **Finances** > **FINANCIAL SETTINGS** 

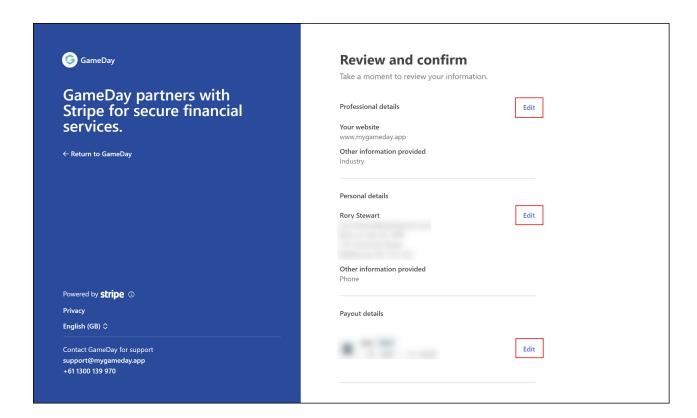

2. If you have a **Complete** application, you can use the **MANAGE FINANCIAL CONFIGURATION** button to edit your details

3. Click the **SEND CODE** button and use the mobile number you used to authenticate the account to verify that you are the financial authoriser of the organisation

- 4. Use the **EDIT** buttons to update any relevant information from your application
- your bank account can be updated through the Payout Details section
