How do I export a custom-built report?

03/07/2025 3:36 pm AEST

Overview

Using GameDay's Report Builder feature, administrators can create custom reports that allow them to pick and choose report fields to present the data associated with various sources within an organisation's database.

As part of the Report Builder, administrators have the option of exporting the report a CSV file that can be opened in Excel.

Step-by-Step

Step 1: Access the Reports section

From the left-hand menu, click **REPORTS**

Step 2: Open the Report Builder list

Toggle over to the **REPORT BUILDER** tab
