

How do I access the Member Profile Portal from the GameDay admin portal?

29/09/2025 2:32 pm AEST

Overview

As an administrator, you can generate a link to your sport-specific Member Profile portal directly through your GameDay database, by navigating to your member list.

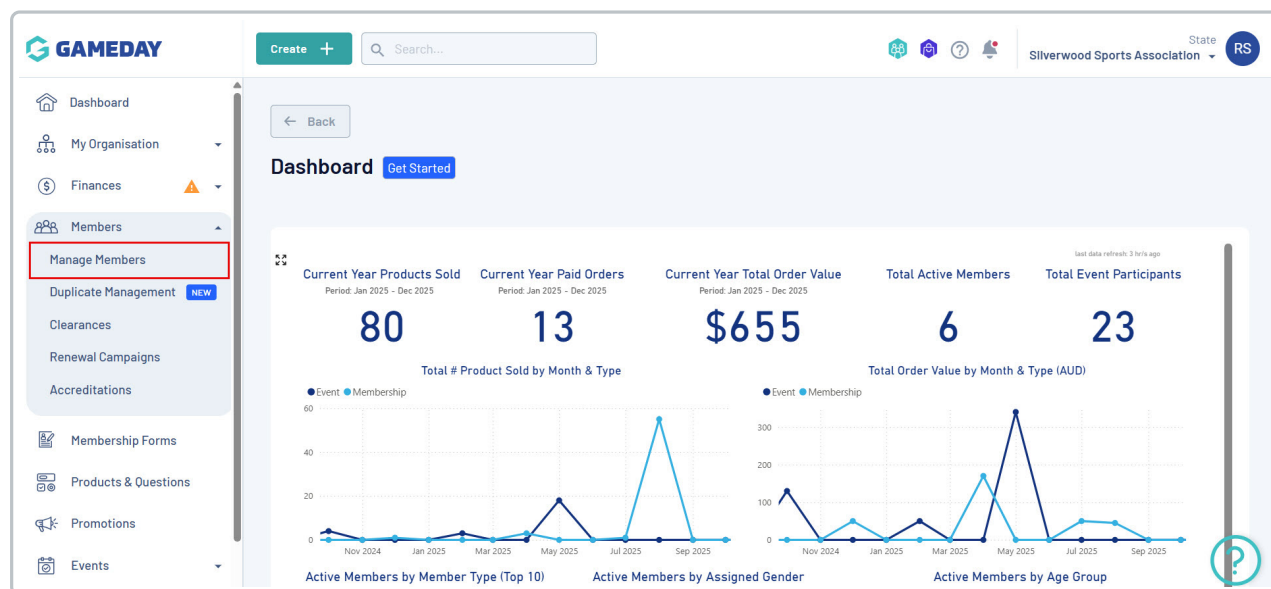

Note: Sport-specific Member Profile portals can be custom-branded by the hierarchy's topmost access level (I.e. your National body). If you are an administrator at the top level of your hierarchy, [click here to learn more about styling your member profile portal](#)

Step-by-Step

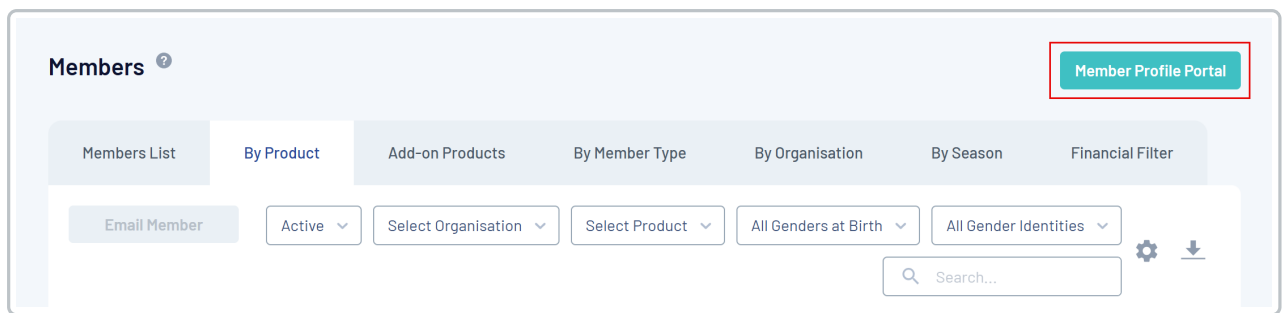

Step 1: Navigate to your member list

In the left-hand menu, click **Members > MANAGE MEMBERS**

Step 2: Open the Member Profile Portal

In the top-right corner, click **MEMBER PROFILE PORTAL**

Step 3: Distribute the Member Profile Portal

Copy the URL of this page and distribute this around as necessary or add it to your website/social media channels to give your members an easy way to access their portal
