How do I access the Member Profile from the GameDay admin portal?

Last Modified on 04/02/2025 1:37 pm AEDT

Overview

As an administrator, you can generate a link to your sport-specific Member Profile portal directly through your GameDay database, by navigating to your member list.

Note: Sport-specific Member Profile portals can be custom-branded by the hierarchy's topmost access level (I.e. your National body). If you are an administrator at the top level of your hierarchy, click here to learn more about styling your member profile portal
