

# How do I pay for an order in instalments?

25/11/2025 12:21 pm AEDT

## Overview

GameDay offers a flexible payment by instalments option, allowing members to spread the cost of their fees over several payments. This guide outlines the steps for participants to pay for orders using the instalments option during checkout on GameDay registration forms.

### Please note:

- Instalment plans are enabled at the discretion of each organisation that offers a registration form. If the instalment option is not available on your form, please contact the organisation or sport to whom you are registering
- All instalment schedules are broken down in two-week intervals, beginning at the time of registration
- Once an instalment plan is active, members will be automatically charged on the scheduled dates
- Instalment breakdown is calculated by the total order amount, comprising all selected products and members included in the registration

## Step-by-Step

### Step 1: Select your member profile

First, select which member you are registering, then click **NEXT**
