Overview

The GameDay dashboard provides a customisable overview of key statistics. You can add or remove widgets to tailor the display to your needs.

Step-by-Step

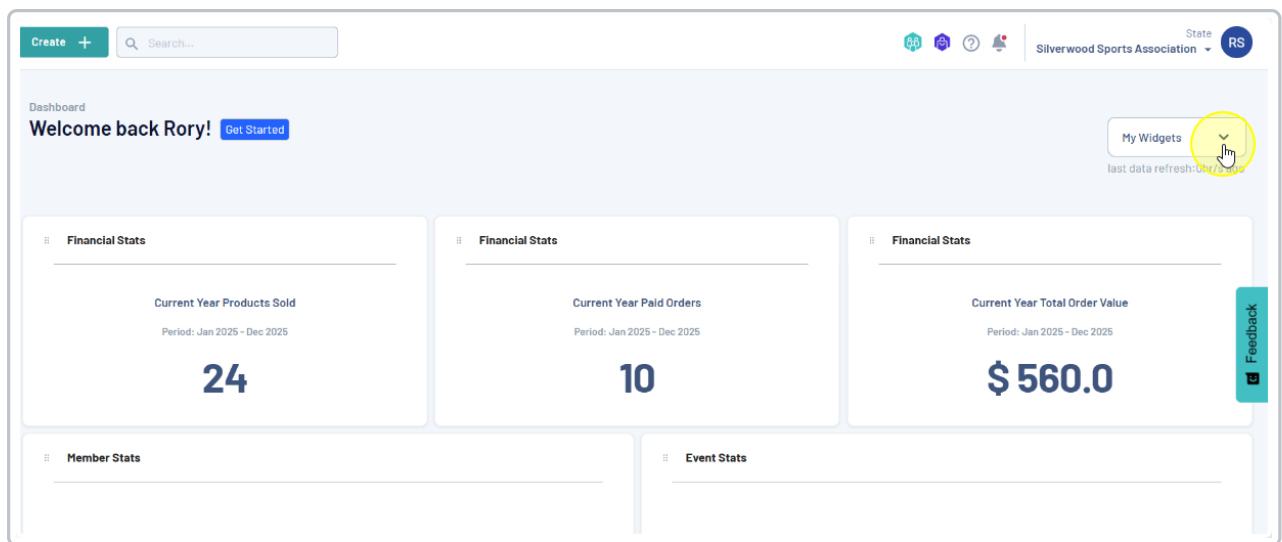

Step 1: Navigate to your dashboard

Click **DASHBOARD** in the left-hand menu to open your organisation dashboard

Step 2: Open the 'My Widgets' filter

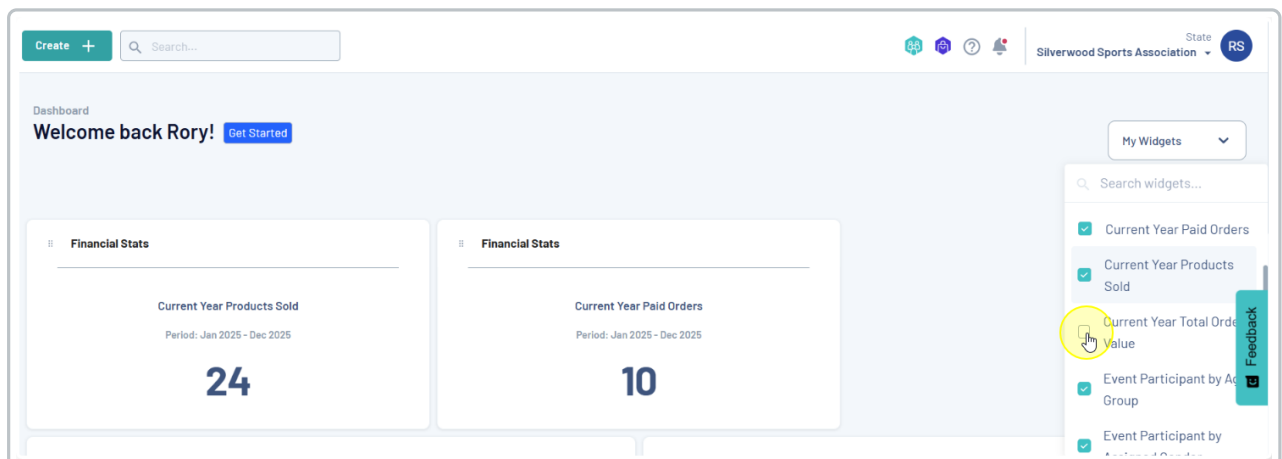

From the dashboard, click on **MY WIDGETS** in the top-right corner.

This will open a dropdown menu displaying available widgets.

Step 3: Add desired widgets

To add or remove a widget, locate the desired widget in the dropdown menu and click the checkbox next to the widget's name.

The selected widget has now been added to or removed from your dashboard. Repeat this process for any other widgets until the dashboard looks the way you want it.
